PROFILE

Software Engineering student at FIAP with hands-on experience developing web applications and REST APIs. Skilled in Python, C#, SQL, React, and backend development, with additional experience in databases, API integration, and development tooling. Currently focusing my studies on Artificial Intelligence, Machine Learning, and data-driven solutions, seeking internship or entry-level opportunities in technology.

TECHNICAL SKILLS

Programming: Python • C# • JavaScript • TypeScript • SQL
Backend: ASP.NET Core • .NET • Node.js • REST APIs • Entity Framework Core • JWT
Frontend: React • Next.js • TypeScript • Vite • Tailwind CSS
Data & AI: PostgreSQL • MySQL • MongoDB • Machine Learning (in progress) • Data Analysis
Tools: Git • GitHub • Docker

PROJECTS

- CleverBudget — Personal Finance API** [GitHub](#)
C# • ASP.NET Core • PostgreSQL • Entity Framework Core • JWT
REST API for personal finance management, featuring JWT-based authentication and authorization, transaction registration and categorization, and report generation. Built with clear separation of concerns, persistent data storage, and a strong focus on domain organization.
- TelaViva — Movies & TV Series Platform** [GitHub](#)
React • TypeScript • Vite • Tailwind CSS • TMDB API
Web application integrated with the TMDB API, featuring real-time search, detail pages, category listings, and a responsive interface. Focused on integrating external services and handling API-driven data.
- Web Portfolio** [GitHub](#)
React • TypeScript • Vite • Tailwind CSS • GitHub API
Portfolio integrated with the GitHub API for dynamic display of repositories and coding activity, with a responsive interface and support for Portuguese and English.

PROFESSIONAL EXPERIENCE

- Audac TMKT** May/2024 – Present
Customer Support Operator / Converted from Apprenticeship Program Poá, SP
Provided support for the Vero Banrisul product to customers and merchants on issues related to payment methods, POS terminals, and financial transactions. Analyzed and resolved operational issues, escalating cases to the responsible teams as needed.
- Prime Printers** Feb/2024 – Apr/2024
Maintenance Intern Suzano, SP
Performed preventive and corrective maintenance on high-production printing equipment, including fault diagnosis and operational support.

EDUCATION

- FIAP** 2024 – 2027
Bachelor's Degree in Software Engineering São Paulo, SP
Full ProUni Scholarship • 6th semester • Expected graduation: Dec/2027
Key coursework: Data Structures • Algorithms • Web Development • Object-Oriented Programming • Databases

LANGUAGES

Portuguese: Native | **English:** Intermediate — strong technical reading | **Spanish:** Intermediate
